Zac Rantz, NSPRA Award Winning Communicator, will be coming to Ann Arbor, Michigan to share lessons learned in the aftermath of the Joplin Tornado and other crisis events. He will also cover successful community engagement and how to build a comprehensive communication program.

Our corporate sponsor, Blackboard, has made it possible for us to bring Zac in from Nixa Public Schools in Missouri. He has tons of energy, ideas, and experience. Check out the details on the [www.mspra.org](http://www.mspra.org) website, or simply complete the attached registration form.

Register today to learn from a national award winner!

Please SHARE this email with other colleagues and invite them to join us as well!
